We offer the opportunity for university professors and their students to immerse themselves in a unique and enriching educational experience.

# THE PROGRAM

## CUSTOMIZED COURSES

We adapt each program to the interests of the group, allowing flexibility in the itinerary and length of stay. In addition to classes, we organize a complete agenda of cultural visits and activities related to the students' field of study.

Courses can be prepared in both Spanish and English.

*Transportation  
to and from the airport*

*Guidance and support*

*Accommodation*

*Official university credits*

*English-speaking advisor on site*

*Didactic materials*

*Workshops*

*Cultural programs and guided tours*

# EXAMPLES OF COURSES

We provide fully equipped classroom space with the latest technology and wi-fi. Our commitment is to always provide an environment conducive to learning.

Classes can be led at our Carlos V schools in Seville, Malaga or Madrid or organized at separate facilities throughout Spain.

## ◆ SPANISH GASTRONOMY

Spain's global position in gastronomy serves as a backdrop for students to explore and delve into Spanish culinary traditions.

## ◆ TOURISM

Students will explore historical monuments, participate in guided tours of iconic sites and learn about sustainable tourism management.

## ◆ HEALTH SCIENCES

Our program adapts to the needs of medical students, giving them the opportunity to become familiar with the Spanish healthcare system and how it works.

These are other of the most common themes of our personalized programs:

- ◆ Agriculture
- ◆ Environmentalism
- ◆ Architecture
- ◆ Local history and culture
- ◆ Journalism
- ◆ Nutrition
- ◆ Education
- ◆ Sports and physical education
- ◆ Applied languages

# WHY TO STUDY IN SPAIN

Spanish, as the second most spoken language in the world, will open the doors to new opportunities, both professional and personal.

Our goal is to provide students with a unique experience and a deeper understanding of the culture and environment they are exploring. Each Faculty-Led program becomes a comprehensive experience, combining academics with cultural immersion.
